Acknowledgement

NHS Wales Audit & Assurance Services would like to acknowledge the time and co-operation given by management and staff during the course of this review.

Disclaimer notice - please note

This report has been prepared for internal use only. Audit & Assurance Services reports are prepared, in accordance with the Service Strategy and Terms of Reference, approved by the Audit & Corporate Governance Committee.

Audit reports are prepared by the staff of the NHS Wales Shared Services Partnership – Audit and Assurance Services, and addressed to Independent Members or officers including those designated as Accountable Officer. They are prepared for the sole use of Public Health Wales NHS Trust and no responsibility is taken by the Audit and Assurance Services Internal Auditors to any director or officer in their individual capacity, or to any third party.

Our work does not provide absolute assurance that material errors, loss or fraud do not exist. Responsibility for a sound system of internal controls and the prevention and detection of fraud and other irregularities rests with Public Health Wales NHS Trust. Work performed by internal audit should not be relied upon to identify all strengths and weaknesses in internal controls, or all circumstances of fraud or irregularity. Effective and timely implementation of recommendations is important for the development and maintenance of a reliable internal control system.

1 Introduction

- 1.1 This progress report provides the Audit & Corporate Governance Committee (the 'Committee') with the current position regarding the work undertaken by Internal Audit as at **23 January 2024**. This report provides information on the status of progress of our reviews.
- 1.2 We report the progress made to date against individual assignments along with details regarding the delivery of the plans and any required updates.

2 Delivering the Plan

- 2.1 Since the September meeting of the Committee we have finalised two reports, have issued two draft reports, and have ongoing fieldwork for two further reviews. In addition, we have agreed the briefs for two further reviews.

Feedback

- 2.2 Our final reports are issued with a post audit questionnaire, which is our way of getting feedback on the audit process so that we can look to make improvements. This year, we are using Microsoft 'forms' to request feedback. This should be an easier way for the Trust to provide us with valuable feedback.

3 Other activity

Meetings

- 3.1 We observe Board and committee meetings, meet regularly with the Board Secretary and continue to meet with Audit Wales colleagues.
