1. Purpose / situation

Public Health Wales has a range of Board Committees, which have key roles in the system of governance and assurance. The Board has five Board Committees established, whose purpose is to support the Board in the delivery of its role, the points below summarise the role of Committees:

- ❖ The organisation's activities are vast and complex: the Committees support the Board in covering the depth and breadth of the organisation's activities.
- ❖ Committees have a defined role which allows for a higher / deeper degree of scrutiny on behalf of the Board.
- ❖ Committees help ensure that the organisation operates effectively and meets its strategic objectives.
- ❖ Provides the Board with assurance that this is the case, obtaining assurance that systems and controls are working as they were designed to do.

During 2024/25 all five of the standing Board Committees were in operation, chaired by Non-Executive Directors. The Committees have key roles in relation to the system of governance and assurance, decision-making, scrutiny, development discussions, assessment of current risks, and performance monitoring.

Committee Effectiveness Review

There is a programme in place to ensure Board Committees review the following activity for each Committee. This year the following has taken place:

❖ Committee Effectiveness Questionnaire:

- Issued in January 2025 to all Committee members, Members of the Executive Team, regular attendees at Committee meetings.
- The questions were based primarily on the Audit Committee Handbook (2012) suggested self-assessment questions and National Audit Office good practice guidance and were adapted for the Committees
- The survey contained a specific questionnaire for each Committee, and some questions that focused on the overall breadth of the Committees.
- Results of the questionnaire were fed into the workshop as a basis for the discussion.

❖ Committee Effectiveness Workshop

- A workshop was held in February 2025, with Committee Chairs and the Executive Leads for each of the Committees to discuss the common themes and committee wider learning from the survey results.
- A summary of the themes from this Workshop is included in the **Committee Effectiveness Summary** attached.

❖ Feedback session at the end of each meeting

- This year we have developed the use of a Board/Committee Effectiveness form to seek feedback at each meeting.

A summary of the process, key themes and outcomes is provided at **Appendix 1**.

The Cross Committee Chairs Group will review ongoing implementation of the outcomes of this review.

Relevant learning from the overall review of effectiveness will be fed into the Board performance review in 2025/26: a summary of the Committees' considerations and outcomes of this review will be reported to the Board in quarter 1 of 2025 as part of the wider Board effectiveness review.

Committee Work Plan 2025/26

In March 2025, we held a series of Work planning sessions with the Committee Members and Executive Leads. This session provided an opportunity to explore with Committee Members and Executives the key areas of focus for next year, and to consider any improvements which could be made to the approach for 2025/26.

The discussions at these meetings were used to inform the development of the Draft Workplan for 2025/26.

The Draft Workplan is attached at **Appendix 2** for ratification, and to note that it was presented to the Board in May for assurance.

Committee Terms of Reference

Following on from the Effectiveness Review, and the work planning sessions, the Committees Terms of Reference have been reviewed to reflect any amendments required that have arisen as part of the discussion.

The Committee’s Terms of reference were last approved by the Board in May 2025. The Terms of Reference should be reviewed at least annually to ensure compliance with Standing orders.

The following amendments are proposed for the Knowledge, Research and Information Committee:

Artificial Intelligence (AI)	AI added to the list at the beginning summarising remit – This was to make it more explicit as an element that the Committee considered.
-------------------------------------	---

The proposed revised Terms of Reference are attached at **Appendix 3** (with proposed amendments as tracked changes), noting that they were presented to the Board for approval in May.

There are no proposed changes to the Standard Committee Terms of Reference and Operating Procedures.

2. Recommendation:

The Committee is asked to **ratify and note** that the following documents were presented to the Board on the 29 May 2025:

- **Committee Workplan for 2025/26**
 - For assurance that the Committee has the appropriate plan in place for 2025/26 to fulfil its terms of reference.
- **Revised Committee Terms of Reference Review**
- **Committee Effectiveness**
 - **Consider** the summary of the review of Committee effectiveness.
 - **Note** that the Cross Committee Chairs Group will review progress with the implementation of the actions and next steps during 2025/26.
