

Risk Reference and Link to Strategic Priority	Risk Description			
<p>SRR4</p> <p>Strategic Priority 6</p> <p><i>“Tackling the public health effects of climate change.”</i></p>	<p>There is a risk that: we fail to effectively mitigate the public health impacts of climate change on the Welsh population</p> <p>Caused by:</p> <ol style="list-style-type: none"> 1. Failure to identify and monitor climate change threats to health 2. Failure to effectively inform actions of partner organisations and policymakers so that health is considered as part of their climate action 3. Failure to effectively engage with our population, partner organisations and policymakers 4. Failure to prioritise resources to actions that make a measurable difference to the health of our population 5. Insufficient leadership in Wales to achieve a joined up and aligned system response to climate change. 6. Failure to take co-ordinated actions with partner organisations across the UK 4 Nations and advocate for UK climate policies that protect and promote health <p>Resulting in: Failure to prevent harm to the health of our population as a result of climate change, resulting in worse health outcomes and widening of health inequalities.</p>			
<p>Executive Director Sponsor</p>	<p>National Director of Policy and International Health</p>			
<p>Assuring Committee</p>	<p>Knowledge, Research and Information Committee</p>			
<p>Trend</p>	<p>Current Position of Risk Including Risk Appetite and Risk Decision</p>	<p>Position Statement – Executive Director Update</p>		
 <p>12 — 12 — 8</p> <p>September October December</p>	<table border="1" data-bbox="445 983 1350 1070"> <tr> <td data-bbox="445 983 696 1070">Open</td> <td data-bbox="707 983 1350 1070">PHW is open to consider all potential options, subject to continued application and/or establishment of controls recognising that there could be a high risk of exposure.</td> </tr> </table> <p>Current Score = 8 Target Score = 6 Risk Appetite Level Applied = Open, therefore, within tolerance level.</p>	Open	PHW is open to consider all potential options, subject to continued application and/or establishment of controls recognising that there could be a high risk of exposure.	<p>The Climate Change strategic route map has been finalised and published. A review of the climate change programme structure has been undertaken to enable effective delivery and governance. A new structure of Climate Change Programme Board has been agreed by its members, subgroups now aligned to delivery of the route map. Risk is now a standing agenda item at Programme Board, with ongoing monitoring of controls and actions. These changes have resulted in the risk score being reduced from 12 to 8.</p>
Open	PHW is open to consider all potential options, subject to continued application and/or establishment of controls recognising that there could be a high risk of exposure.			

Internal System of Controls – Linked to ‘Caused By’ section of Risk Description and Source of Assurance ¹			
C1: Failure to identify and monitor climate change threats to health			
Control Reference	Internal Control	Internal Sources of Assurance	How/When is it monitored?
C1.1	Climate change and health surveillance system in development, led by CDSC. Active engagement with surveillance partners across the 4 Nations and international system.	Climate Change Surveillance - sub-group of Climate Change Programme Board.	Regular updates from the Surveillance Subgroup to Climate Change Programme Board

Internal System of Controls – Linked to ‘Caused By’ section of Risk Description and Source of Assurance ¹			
C2: Failure to effectively inform actions of partner organisations and policymakers so that health is considered as part of their climate action			
Control Reference	Internal Control	Source of Assurance	How/When is it monitored?
C2.1	Active engagement and collaboration with partner organisations, including Welsh Government, Future Generations Office and the wider public health system in Wales.	Climate Change Programme Board	Climate Change Programme Board meets bi-monthly, and risk is now a standing agenda item.
C2.2	Climate Change is part of our Policy Advocacy Programme priorities	Policy Advocacy Programme Board	Policy Advocacy Programme Board meets monthly to monitor progress and impact

Internal System of Controls – Linked to ‘Caused By’ section of Risk Description and Source of Assurance ¹			
C3: Failure to effectively engage with our population, partner organisations and policymakers			
Control Reference	Internal Control	Source of Assurance	How/When is it monitored?
C3.1	Ongoing active engagement and collaboration with the public, partners and policy makers	Climate Change Programme Board	Climate Change Programme Board meets bi-monthly, and risk is a standing agenda item.

¹ Three Lines of Defence Model

First – Operational Management control of organisational risks

Second – Risk management and compliance functions, reporting to senior management

Third – Internal audit to provide assurance.

Control Reference	Internal Control	Source of Assurance	How/When is it monitored?
	<p>the threat of climate change to health and partners allocation of sufficient resources.</p> <p>We continue to engage with Welsh Government and partner organisations through national meetings and working with partner organisations to support a system approach.</p>		

Internal System of Controls – Linked to ‘Caused By’ section of Risk Description and Source of Assurance ¹			
C6: Failure to take co-ordinated actions with partner organisations across the UK 4 Nations and advocate for UK climate policies that protect and promote health			
Control Reference	Internal Control	Source of Assurance	How/When is it monitored?
C6.1	Active engagement with 4 Nation colleagues to ensure that our practice is aligned where feasible and we are learning from others’ experiences and advocating for the Welsh population.	Climate Change Programme Board	Climate Change Programme Board meets bi-monthly and risk is a standing agenda item.

Gaps in Assurance / Action Plans for the cause C1 Failure to identify and monitor climate change threats to health						
Reference	What Action?	How will we measure efficacy?	How will this action impact/mitigate the risk?	Who is Responsible?	By When?	Progress
AP1.1	Climate change programme board and associated sub-groups have mechanisms in place to ensure that we	Log to capture threats to health developed and monitored by CCPB	Regular identification of the risks and monitoring of our actions to mitigate them.	Sumina Azam and Meng Khaw	Q4 2025-26	January 2025: New structures and governance arrangements are now in place.

Gaps in Assurance / Action Plans for the cause C1 Failure to identify and monitor climate change threats to health

Reference	What Action?	How will we measure efficacy?	How will this action impact/mitigate the risk?	Who is Responsible?	By When?	Progress
	are actively horizon scanning, monitoring, and taking action on climate related threats to health					Surveillance sub-group has been expanded to include research to enable greater monitoring and response to climate threats to health

Gaps in Assurance / Action Plans for the cause C2 Failure to effectively inform actions of partner organisations and policymakers so that health is considered as part of their climate action

Reference	What Action?	How will we measure efficacy?	How will this action impact/mitigate the risk?	Who is Responsible?	By When?	Progress
AP2.1	Proactive engagement with policy makers on the climate change agenda	Increased engagement with policy makers and a greater reference to health within the climate change agenda	Strengthen the relationship between health and climate change in the policy arena	Sumina Azam	Q4 2025-26	There are already close working relationships with WG officials on climate change and health. Climate change is a key theme in our Public Health Advocacy Programme.

Gaps in Assurance / Action Plans for the cause C3 Failure to effectively engage with our population, partner organisations and policymakers

Reference	What Action?	How will we measure efficacy?	How will this action impact/mitigate the risk?	Who is Responsible?	By When?	Progress
AP3.1	Review of formal arrangements with key strategic partners, including UKHSA, IANPHI, and NRW	Joint actions / approach on climate and health.	Strengthen opportunities for effective collaboration with joint aims.	Sumina Azam	Q4 2025-26	January 2025: Discussions are on-going with external partners to ensure we have the correct arrangements in place to support the wider partnership landscape

Gaps in Assurance / Action Plans for the cause C4 Failure to prioritise resources to actions that make a measurable difference to the health of our population

Reference	What Action?	How will we measure efficacy?	How will this action impact/mitigate the risk?	Who is Responsible?	By When?	Progress
AP4.1	Development of a route map for Strategic Priority 6 (Climate and health) to enable identification of resource requirements for delivery.	Route maps to be reviewed and approved by Executive Team, with resourcing a consideration.	Resource requirements will also enable identification of resource gaps.	Sumina Azam / Rebecca Masters	Q2 2025-26	January 2025: The route map has been finalised and new structures and governance arrangements implemented which will enable the development of delivery plans by end Q1 2026/7

Gaps in Assurance / Action Plans for the cause C5: Insufficient leadership in Wales to achieve a joined up and aligned system response to climate change.

Reference	What Action?	How will we measure efficacy?	How will this action impact/mitigate the risk?	Who is Responsible?	By When?	Progress
AP5.1	Discussions with Welsh Government, and participation in Welsh national climate change meetings to enable system alignment and joined up action to protect health.	Health considered as part of climate action by public bodies.	Participation will enable advocacy for a population health perspective.	Sumina Azam / Rebecca Masters	Q4 2025-26	

Gaps in Assurance / Action Plans for the cause C6: Failure to take co-ordinated actions with partner organisations across the UK 4 Nations and advocate for UK climate policies that protect and promote health

Reference	What Action?	How will we measure efficacy?	How will this action impact/mitigate the risk?	Who is Responsible?	By When?	Progress
AP6.1	Engagement with 4N, FPH, WHO and IANPHI colleagues, along with international organisations regarding the climate and health agenda.	Review of national and international partnership landscape, including regular updates to CCPB	Alignment of work and methods and sharing of good practice.	Sumina Azam / Rebecca Masters	Q4 2025-26	January 2025: Giri Shankar is now the Chair of the IANPHI Climate and Health Committee. Rebecca Masters meets regularly with 4N and international colleagues regarding progression of this

Gaps in Assurance / Action Plans for the cause C6 Failure to take co-ordinated actions with partner organisations across the UK 4 Nations and advocate for UK climate policies that protect and promote health
