1. Purpose / situation

Public Health Wales has a range of Board Committees, which have key roles in the system of governance and assurance. The Board has five Board Committees established, whose purpose is to support the Board in the delivery of its role, the points below summarise the role of Committees:

- ❖ The organisation's activities are vast and complex: the Committees support the Board in covering the depth and breadth of the organisation's activities.
- ❖ Committees have a defined role which allows for a higher / deeper degree of scrutiny on behalf of the Board.
- ❖ Committees help ensure that the organisation operates effectively and meets its strategic objectives.
- ❖ Provides the Board with assurance that this is the case, obtaining assurance that systems and controls are working as they were designed to do.

During 2025/26 all five of the standing Board Committees were in operation, chaired by Non-Executive Directors. The Committees have key roles in relation to the system of governance and assurance, decision-making, scrutiny, development discussions, assessment of current risks, and performance monitoring.

The purpose of this annual report is to summarise the work of the Committee during 2024/25, to assure the Board that the system of assurance is fit for purpose and operating effectively.

The report summarises the key areas of business activity undertaken by the Committee during 2025/26.
